WINDOW OPEN CONTROL DEVICES

13070 Narrow WOCD

AmesburyTruth's 13070 WOCD is designed to fit in narrow window profiles and has been tested to ASTM F2090. The WOCD easily snaps into most vinyl window profiles.

Product Highlights

- Recommended for: composite and vinyl
- Tested to meet ASTM F2090
- When properly installed and engaged, prohibits the free passage of a 4" diameter rigid sphere
- Once released and when the window sash is returned to a fully closed position, the WOCD mechanism will automatically reset
- Requires two WOCD for each window sash
- .304" X 2.028" housing helps fit narrow window profiles
- Snaps into nominal wall thickness of .075"
