

ELEGANCE, STYLE
& STRENGTH.

DESIGNED FOR LARGER DOORS

The contemporary-inspired hinged door handle design is an extension of our Regency family of handles that feature pre-assembled squared mounting plates for quick and easy installation. Manufactured to deliver exceptional strength, reliability, and long-lasting performance, it is available in both standard and large plate options, making it ideal for larger doors that require a bold appearance.

FEATURES & BENEFITS

- Pre-attached handle simplifies installation while delivering long-term durability
- Offered with standard 9.55" or oversized 12" squared e-plates, ideal for large door formats matching the hole spacing of existing Regency B and C plates
- Zinc and brass substrate options provide dependable strength across a wide range of applications
- Active and inactive panel configurations support full locking functionality
- Meets AAMA 903 requirements
