Subject: **New!** Trickle Vent Exterior Cover 15115.1 (white) and 15117.1 (black)

AmesburyTruth™ announced our New Trickle Vent device 15047.XX last fall and we now have an Exterior Vent Cover to compliment the design.

Designed to provide fresh air ventilation for improved in home air quality, while the window remains closed and secure.

The Exterior Vent Cover provides coverage of the ventilation opening to help keep out weather and insects, while maintaining natural air flow.

Matching screw covers are included to complete a clean and tamper proof installation.

Constructed from powder coated aluminum and ABS materials, to remain maintenance free for long exposure to the elements.

Available Finishes:

15115.1 White

15117.1 Black

Other finishes available upon request.
A mill finished version for custom painting will also be available.

It can be used on PVC, Wood, Steel and Aluminum window profiles. Utilizing screw mounting allows easy application to thin wall profiles.

Mounting screws are not included.

This product is covered by our standard limited life-time warranty.

Trickle vent devices are available to order today. Contact your AmesburyTruth sales representative for pricing and lead time information.
